

(your project title)

getting greener! Project LOG FRAME

We want to do something because ...	Our strategy to address this problem is to ...	So that ...	So that ...	So that ...
<b>The Focusing Question is : How can we .....?</b>				
Who needs to be involved - partners?	What could go wrong? (risks) (What assumptions have we made?)	How we will reduce the risk?	How will we know we have a partnership? (Monitoring)	How will we know if the partnership is successful? (ie the evaluation questions)
XXX Council				
What is it that you will do? (activities)	What could go wrong? (risks) (What assumptions have we made?)	How we will reduce the risk?	How will we know we have completed the activity? (Monitoring)	How will we know if we are successful? (ie the evaluation questions)
1	1	1	1	
2	2	2	2	
3	3	3	3	
4	4	4	4	
5	5	5	5	
6				
<b>If we conduct these ACTIVITIES and the risks are addressed, then we will produce these OUTPUTS ...</b>				
What will you achieve? (outputs = tangible products or events)	What could go wrong? (risks) (What assumptions have we made?)	How we will reduce the risk?	How will we know we have produced the output? (monitoring)	How will we know if we are successful? (ie the evaluation questions)
1	1	1	1	1
2	2	2	2	2
3	3	3	3	3
4	4	4	4	4
5	5	5	5	5
6	6	6	6	6
<b>If we produce these OUTPUTS and the risks are addressed, then we will produce these OUTCOMES ...</b>				
What will you achieve? (outcomes = changes in the situation or behaviour)	What could go wrong? (risks) (What assumptions have we made?)	How we will reduce the risk?	How will we know we have produced the outcome? (Monitoring)	How will we know if we are successful? (ie the evaluation questions)
1	1	1	1	1
2	2	2	2	2
3	3	3	3	3
4	4	4	4	4
5	5	5	5	5
6	6	6	6	6
<b>If we produce these OUTCOMES then we will provide this LEGACY .....</b>				
How will the project lead to on-going activity?	What could go wrong? (risks)	How we will reduce the risk?	How will we know we have produced the output?	How will we know if we are successful? (ie the evaluation questions)
